

Weekly Plan For Pre-Intermediate

2019 Spring Semester - 10th Week

Student No. _____

Name _____

Date _____

LESSON OBJECTIVES

AIM	To be able to acquire knowledge associated with space and universe and apply it through speaking with the appropriate grammar usage, vocabulary words and pronunciation
GRAMMAR FOCUS	Travel verbs and nouns with similar meanings; Conditionals

Monday	Unit 10 Space and Universe (Pages 176-180)
Tuesday	Continuation of Unit 10 (Pages 181-185)
Wednesday	Continuation of Unit 10 (Pages 186-190)
Thursday	Continuation of Unit 10 (Pages 191- 193)
Friday	Review and Assessment

Note: The progress of the lessons depends on the level of the students inside the class.

WHAT CAN I LEARN?

The student can assimilate vital information about space exploration, solar system, planets, astronomers, scientists and more. Besides, he/she can obtain useful words that will expand his/her vocabulary bank and eventually aid him/her in constructing sentences. Furthermore, the student can enhance his/her pronunciation and listening comprehension by being able to recognize and identify words with easily confused sounds. He/She will be able to attain knowledge about grammar such as conditionals and travel verbs and nouns with similar meanings as well. Due to pairwork activities, the student can mingle with others and learn how to express and share his/her opinions. This allows him/her to build more self-esteem which is very essential to speak English to others more confidently.

CLASSROOM ACTIVITIES

Answering HOTS Questions
Brainstorming
Class Presentation
Pronunciation Drills
Pair Work and Group Discussion
Written Test

SELF STUDY TIPS

Concentrate on finding out significant information through utilizing more reasonable resources like watching videos or documentaries to widen your knowledge associated with the above-mentioned topic.
