Note: The progress of the lessons depends on the level of the students inside the class.

WHAT CAN I LEARN?

The student will learn how to organize his/her thoughts using word maps containing key information which includes different parts of speech, synonyms and antonyms, and common collocations. For this week, the student will also be able to recognize the relevance of understanding a speaker's purpose to help the listener better understand the speaker's ideas. For the speaking discussions, the student will also learn how to create tag questions and how to answer them with correct intonation when speaking. Moreover, the student will be able to familiarize himself/herself with how to develop a logical analogy while creating presentations that focus on environmental issues. Encouraging the student to apply what he/she learned in the course of this unit will definitely ensure his/her retention.

CLASSROOM ACTIVITIES

Unlocking Words and Meaning
Creating a Word Map
Dialogue: Using Analogies
Pronunciation Drills
