

Weekly Plan For Intermediate

2019 Fall Semester - 8th Week

Student No. _____

Name _____

Date _____

LESSON OBJECTIVES

AIM	To explore the fascinating ways animals survive and explain human's impact on species in danger of extinction
GRAMMAR FOCUS	The Passive Voice with the Past

Wednesday	Continuation of Unit 8 (Pages 152-157)
Thursday	Continuation of Unit 8 (Pages 158- 160)
Friday	Unit 9 Species Survival (Pages 161-165)
Monday	Continuation of Unit 9 (Pages 166-171)
Tuesday	Review and Assessment

Note: The progress of the lessons depends on the level of the students inside the class.

WHAT CAN I LEARN?

The student will be able to enhance his/ her communication and interpersonal skills as he/she collaborates with his/her assigned pair or group. Each competency has its own target language therefore, the student will be able to further improve his/ her critical thinking by applying the words learned inside and outside of the classroom. Incorporating the useful terminologies to his/her sentences will be encouraged so as to help his/her progress in studying the language too. This will also help enhance his/her skills in summarizing a conversation through keypoints. Tactics and strategies will be provided to strengthen the student's listening comprehension as he/she defines and recognizes what makes an effective example. Much emphasis will also be given to enable the student to use his/her words when summarizing and for him/her to make use of synonyms since these are useful tools during class presentations.

CLASSROOM ACTIVITIES

Reading Passage
Dialogue: Conversational Topics
Class Presentation
Listening Exercises and Test
Video Presentation
Reporting

SELF STUDY TIPS

Learning a language does take work, but you'll be more likely to stick to it if you are enjoying yourself. Play games, do crossword puzzles, sing songs, read comics, and don't worry too much about making mistakes – making mistakes is often the way to learn best!
