He/ She can improve and widen the range of his/ her vocabulary by learning the antonyms of the given words related to the topic as well. Moreover, he/she will be able to identify the transitions in listening and even enhance his/her note-taking skills as he/she uses a chart. SELF STUDY TIPS

You don't need native speakers to practice your English. Find a study partner, or form an English club and meet regularly to speak English. You can motivate each other, and you will learn by helping others with their problems.
